Thanks alot Rekha mam and the entire members of the centre for the hard work and dedication towards my son for his complete personality development. I really appreciate your support throughout the process. Your mentoring truly had a positive impact on my son's attitude. Your blessings are always required.

Did an internship under Dr. Rekha. It was a great experience as I learnt a lot about dealing with special children. Also, it was wonderful seeing children with speech problems improve within a very short span.
